University Health Services and University Health Services provide vaccinations for students and employees. Please note that the Delta variant (ccine) and the University Health Services have taken precautions to ensure the safety of the community. Divisional Disability Representative (DDR) states that the Delta variant is a significant concern, and precautions must be taken to prevent its spread. The Tessar community has taken measures to protect themselves from this variant. Please ensure that you are vaccinated. For more information, please visit go.wisc.edu/uploadavail
