**Antigen Testing for Students and Employees**

**ANTIGEN TEST:** For those who want rapid results, are a close contact, and/or have symptoms.

- **NO SYMPTOMS**
  - **NEGATIVE ANTIGEN RESULT**
    - No additional testing. You most likely do not have COVID-19 at this time. Continue to monitor for symptoms. Test as needed.
  - **POSITIVE ANTIGEN RESULT**
    - Isolate for at least 5 days and until:
      - You have been at least 24 hours without a fever (without fever-reducing medicine), AND your other symptoms are resolving. Isolate longer if you are instructed to do so by a contact tracer or medical professional.
      - Wear a mask around others for 10 days following a positive test result.
      - If you are not fully vaccinated and your second test was antigen, follow-up with a PCR test is required to be exempt from weekly testing for 90 days.

- **SYMPTOMS**
  - **NEGATIVE ANTIGEN RESULT**
    - Continue to isolate and take a PCR test as soon as possible. If no PCR test is available, repeat antigen test 24 hours later.
  - **POSITIVE ANTIGEN RESULT**
    - Isolate for at least 5 days and until:
      - You have been at least 24 hours without a fever (without fever-reducing medicine), AND your other symptoms are resolving. Isolate longer if you are instructed to do so by a contact tracer or medical professional.
      - Wear a mask around others for 10 days following a positive test result.
      - If you are not fully vaccinated, follow-up with a PCR test is required to be exempt from weekly testing for 90 days.

**Reporting Results**
In keeping with the state's COVID-19 reporting practices, you are not required to submit results from self-administered antigen tests to the MyUHS app or website. Currently the state requirement for reporting is a positive PCR test or a positive antigen test administered by a trained individual at a testing site.

**When can I get another test?**
You can pick up another test each week. Starting Feb. 4, weekly test kit pickup will be done by making an appointment through the MyUHS app or website for the day/time you want to pick up your test.
